Re: General Permit No. VAG406312
Kandl, John C. Residence - Fauquier County
11795 Rogues Road, Midland VA

Dear Mr. Kandl:

The Department of Environmental Quality has reviewed your Registration Statement and determined that this domestic sewage treatment facility is hereby covered under the referenced General VPDES Permit. A copy of the permit is enclosed. Please read it carefully, as you are responsible for assuring that the treatment facility is operated and maintained in accordance with the limitations and conditions of the General Permit. Also enclosed is a form, which may be used to request an ownership transfer for the General VPDES Permit. If you wish to have the permit ownership transferred, please complete the form and return it to this office accordingly.

Receipt of this General VPDES Permit does not relieve any owner of the responsibility to comply with any other statute or regulations, including applicable regulations of the Department of Health adopted pursuant to Sections 32.1-163 and 32.1-164 of the Code of Virginia. Specifically, for owners of single family homes, receipt of this General VPDES Permit does not relieve any owner of the responsibility to comply with the Alternative Discharging Sewage Treatment Regulations for Individual Single Family Dwellings (12 VAC 5-640-10 et seq.).

If you have any questions, please feel free to contact Amy Taylor at (703) 583-3852.

Respectfully,

Thomas A. Faha
Water Permits Manager
